

**JUICI ID 4-6**  
THE FLEXIBLE ALLROUND TALENT

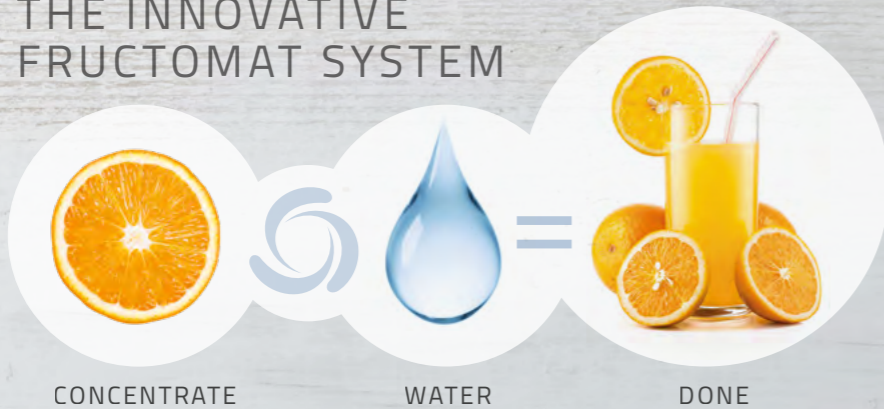

**FRUCT**  **MAT**

BY ASCO DRINK MACHINES

# FLEXIBLE<sup>3</sup> DIVERSITY AT A NEW LEVEL

## THE INNOVATIVE FRUCTOMAT SYSTEM

## FUTURE-PROOF & EASY ON RESOURCES

■ The new, patented and innovative drink system FRUCTOMAT spares our environment from a lot of noise, empty transport kilometres and emissions. Enormous savings on warehousing and logistics, service and energy are just some of the numerous advantages. Each FRUCTOMAT is an **effective drink manufacturing system** and produces fruit juices, soft drinks, natural teas or sports drinks from concentrate and fresh water.

### THE ADVANTAGES AT A GLANCE

■ **MidMix III** – the advancement of all PostMix systems! The use of **the patented MidMix-technology** enables a perfect in-cup result. The drink concentrate is pressure-injected using injection nozzles into fresh water in a special mixing block completely sealed from air. The finished drink is then dispensed through a **central dispensing tube** (hygienic tempered glass) which is immediately rinsed with fresh, clear water – **no residues, no drying up and extreme cleanliness!** Experience hygiene at a new level.

■ The JUICI ID 4-6 offers **maximum flexibility** in all possible respects. At the touch of a button you can choose between still or with CO<sub>2</sub>, hot or cold. The new model also has a **height-adjustable dispense**. This way glasses, bottles or carafes of all sizes find their place easily. Depending on space requirements and installation options, the concentrate cartons as well as the technics box and cooling are stored in the base cabinet or, in the case of wall-mounted units, directly behind the dispensing unit - **and all that in one single device!**

## THE HIGHLIGHTS AT A GLANCE:

- 4/6 drinks + still water (CO<sub>2</sub> or hot – OPTIONAL)
- Bag-in-Box concentrates are stored in the base cabinet or directly behind the dispensing unit (bags up to 10 l possible)
- **Height-adjustable dispense** from 150 mm to 290 mm
- **Multilingual touch-control panel** 10,1" with **WIFI** or **4G connection** – OPTIONAL
- **LCD high resolution screen** for brand design, advertising and customer information
- Drip tray with **electronic monitoring** ("FULL" and position control)
- Well-proven and **patented MidMix III system** for perfect and clean drink preparation
- Stable Brix values with **electronic dosage** of water and concentrate quantity
- **Fully automatic cleaning** after EACH drink!
- **Carafe switching**
- Made-to-last and robust materials – stainless steel or powder-coated steel
- Front decorative panels made of synthetic resin composite (extremely scratch-resistant and easy to replace) – **highly flexible adaptation to the desired design**
- High model diversity and multi-purpose installation options

### Technics Box

- **Easy connection** with plug connection for tower
- All connections **IN THE FRONT**

Technics box incl. cooling (260x360x460mm)

SPLIT-box without cooling (410x140x210mm)

# THE RIGHT SOLUTION FOR EACH PURPOSE – individually adapted to you

## MANY OPTIONS:

- Installed as column on counter with concentrate cartons, technics box and cooling in base cabinet
- Installed as wall unit with dispensing unit on the wall and concentrate cartons, technics box and cooling in the base cabinet OR behind
- As countertop model with 1 x 10 l and 2 x 5 l or up to 2 x 10 l BiB IN the device
- As countertop model with 1 x 10 l and 4 x 5 l or up to 4 x 10 l BiB IN the device

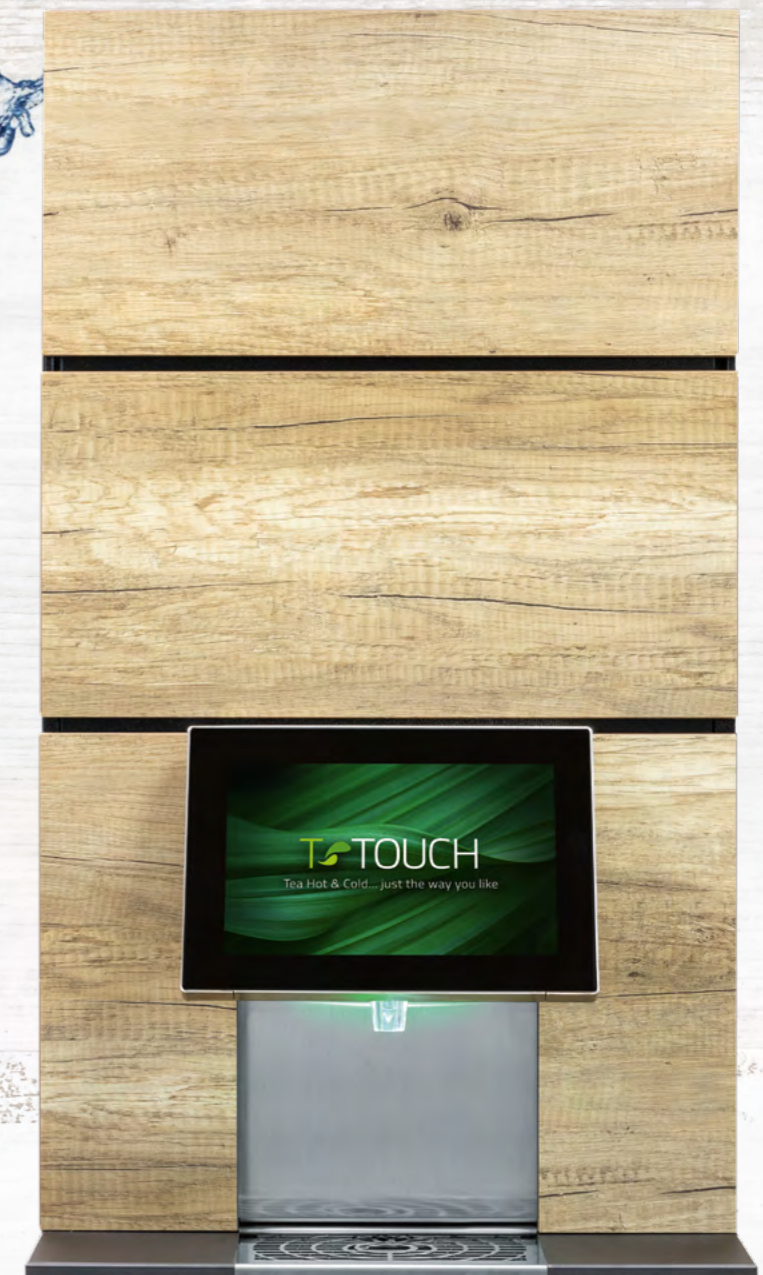

JUICI ID CT 4-6  
(technics box +  
BiB in base cabinet)

JUICI ID 4-6 M  
(tower with  
technics box, BiB  
in base cabinet)

JUICI ID 4-6 L  
(incl. technics box  
+ 2 x 10 l BiB)

JUICI ID 4-6 XL  
(incl. technics box  
+ 4 x 10 l BiB)

# TIMELESSLY ELEGANT & TECHNICALLY PERFECT

With the various design counters (also with individual surface optics customer request), your dispenser will be perfectly displayed as an elegant **design element**. Besides storage space for the technics box and cooling, **plenty of space** is provided for concentrates (also reserves), CO2 bottles and additional glasses or carafes.
